

**ADDENDUM 001
REQUEST FOR PROPOSAL
TRAFFIC MANAGEMENT CENTER VIDEO WALL UPGRADE
RFP # D608-043-RW**

Bidders shall acknowledge receipt of Addendum 001 (ONE) by signing and including it with the original bid. The due date for receipt of proposals remains unchanged by this Addendum. Accordingly, the following clarifications, questions and answers are believed to be of general interest to all potential Bidders. All other terms and conditions remain unchanged and in full force.

Name and Title of Signer (Print or type)	Name and Title of Department Authority Terri Mount Sr. Procurement Agent
Bidder Signature <hr/> (Signature of person authorized to sign)	Department of Transportation <i>Terri Mount</i> <hr/> (Authorizing Signature)
Date Signed:	Date Signed: September 18, 2007

1. **Question:** In order for us to make a proposal please would you provide drawings of the facility including ceiling heights and construction?

1. **MoDOT Response:**

We anticipated and it was our intention that the vendors get a first hand look of the space available and assess the current video wall configuration and components while preparing their proposals. The dimensions of the room, the physical wall details, and its associated building components are the responsibility of the vendors to acquire as they see necessary to conform with their proposed solutions. Therefore, we will not be preparing a building plan sheet with this information.

2. **Comment:** The above requirement specifies obsolescent technology...we will respond with an alternative technology to that specified in the RFP.

2. **MoDOT Response:**

We are open to review of alternate technologies. However, the burden is on the vendor to provide sufficient justification and evidence that the proposed solution is superior to that specified in all aspects of our evaluation criteria. Although a vendor may submit an alternate proposal, MoDOT reserves the right to reject any proposal that does not meet the requirements of the RFP.
